

## Faux Paper Art Reference Sheet

### Project Supplies

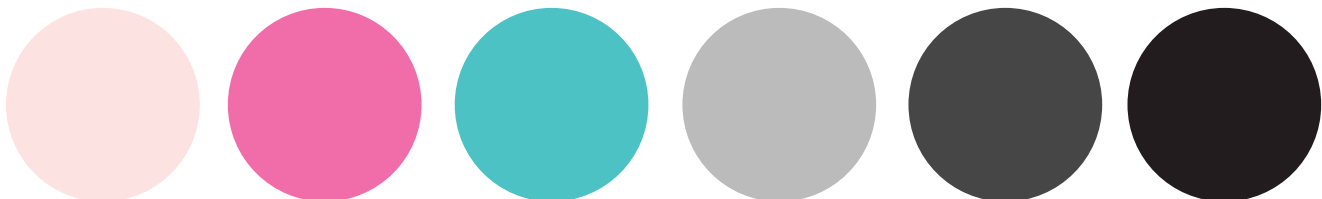

All you need is the Procreate App, a monoline brush and a paper texture brush to follow along with this digital art project.

Optional: I'll be using the watercolor paper brush from my **The Watercolor Lettering Kit** as well as a few heart stamps from the **Modern Folk Art Brush Set**. Both are in my shop.

The color palette you can use to follow along is below. I've also shown some alternate colorways at the top.

### Basic Color Palette
